## DEAR GUESTS WELCOME TO ZURICH GRÜEZI

**Z**urich, although not the capital, is one of the largest and most prominent cities in Switzerland. The people of Zurich are very proud of that fact and also like their lake very much. It is indeed very useful for various things. For example, you can throw enemies into it (during or after the battle). Or you could ride a pedalo on it. You may also simply take a dive and salvage some bicycles (a type of two-wheeled cart) that were dumped into the lake.

The city itself is surrounded by the canton of Zurich, an area that reminds one of other hilly landscapes with fruit trees and winding paths. If you want to watch locals in Zurich, you must get out of the city and into the outer districts anyway. The city is so expensive that only wealthy tourists can actually spend their nights there.

However, it is not surprising that many guests come to Zurich, because both the canton and the city offer a number of remarkable sights. To give you an impression of what it feels like to be a guest in this great city, we were allowed to accompany Elf Laurea and Orc Gnash. They will show us their favourite places and explain the hidden and fantastic world of Zurich. In the end, the two married each other. But that wasn't our fault.

*We wish you a great visit to the  
City of Lions!*
